Local Angus Breeder Recognized Nationally in Pathfinder Report

Kyle Ippensen, Plymouth, and Rowland Angus Farm, Bowen, has been recognized nationally by the American Angus Association for having 1 registered Angus cow included in the American Angus Association's 2001 Pathfinder Report.

Only 1,950 of the more than 35,000 members of the American Angus Association are represented in this year's report, according to Richard Spader, executive vice president of the American Angus Association with headquarters in St. Joseph, Missouri.

The Pathfinder Program identifies superior Angus cows based upon recorded performance traits that are economically important to efficient beef production.

These traits include regular calving and heavy wean-

ing weights, reports John Crouch, director of performance programs for the American Angus Association.

All registered Angus cows that meet the strict Pathfinder standards are listed, along with their owners, in the Pathfinder report that is published annually by the American Angus Association.

The 2001 Pathfinder Report lists 7,862 individual cows. It is published in the April issue of the "Angus Journal" and extra copies are available from the American Angus Association. The largest number of Pathfinder cows from a single herd this year is 70, and several hundred breeders have a single cow that qualifies for the exclusive listing.

WE DO NOT KNOWINGLY ACCEPT ADS FOR ANIMALS IN OUR FREE/ GIVE AWAY COLUMN. If you must give up your pet, please consider these facts.
*Free animal ads suggest that there is something wrong with the animal, or that it has no value.
*Some people who respond to these free animal ads are not reputable and are more concerned about making a profit than the animal.
*Charging a fee to a potential pet owner confirms the responsibility of pet ownership for an entire lifetime of that pet. For more information, please contact the Humane Society.

will cover the village's full cost for production and mailing.

"There is no cost to the taxpayers for the letter," he said.

Historic commission to gather

The village's historic preservation commission is scheduled to hear presentations from architectural firms seeking a village contract to prepare exterior design guidelines for the village's downtown historic district buildings next Tuesday, April 17 beginning at 6 p.m., and on the following Tuesday, April 24 starting at 5 p.m. Both sessions will be held at the Oswego Public Library on Jefferson Street at Main Street. The commission is also scheduled to conduct a regular meeting next Tuesday starting at 5 p.m. at the library.

Runyon first village arborist

Mark Runyon, the village's superintendent of public works, is now a certified arborist, the village's first, the board learned.

In a related matter, Runyon recently received notice that the village has been named a Tree City USA by the National Arbor Day Foundation. The Tree City USA designation is the seventh obtained by the village dating back to the mid-1980s. To become a Tree City, the village must have a tree board or department, a tree care ordinance, a comprehensive community forestry program and conduct an Arbor Day observance.

Runyon told the board that the village's annual Arbor Day observance will be held on Saturday, April 28 in conjunction with the community's Earth Day celebration.

"Dole" is a male, black, short hair cat. He is a young adult and has already been neutered. Dole had been found as a stray in the Crystal Lake area in Nov. and was brought to the shelter early January. Why doesn't anyone want to adopt him? Is it because he is your basic black cat and everyone wants more color? Somewhere out there is an exceptional home for Dole. If you think you may be able to give him that home, come and visit him.

For more information call McHenry County Animal Control at 815-338-7040 or visit our web site at <http://www.petfinder.org>. IL. Adoption hours are 10:30 a.m. to 4:30 a.m. Monday through Friday and 9 a.m. to 11:30 a.m. on Saturday's at 11608 Banford Rd., Woodstock.
